

R.H. MOORE CO. INC

MURRELLS INLET, SC

Our Capabilities

R. H. Moore Company, Inc. was founded in 1982 and is one of the largest underground utility contractors in South Carolina. We are licensed in and service South Carolina, North Carolina, Georgia, Florida and Mississippi. Our services include:

- *Emergency repairs on water, sewer, and storm drainage lines*
- *Installation of large diameter water, sewer and storm drainage*
- *Pump station installation*
- *Highway construction*
- *Heavy excavation, site preparation and grading*
- *Demolition and debris removal*
- *Erosion and sediment control installation and maintenance*

We have completed infrastructure projects up to \$12,000,000.00 in magnitude, and have extensive client references to support our extensive experience in the industry. We have a bonding capacity of \$30 million per project and \$70 million aggregate. Our insurance coverage includes: \$2 million of general liability, \$10million of excess liability and \$1 million of workers compensation.

Our Mission

Our mission is to implement the planned improvements within the clients schedule and budget. Much of our success is from established relationships with developers, municipalities, local and state government agencies. We meet and exceed the expectations of our clients by providing experienced staff, construction superintendants, foremen and personnel who are experts in the industry.

Our Qualifications

R.H. Moore Company Inc., has 27 years of corporate experience; and employs a highly skilled, dedicated and stable workforce with average service of 15 years for Project Managers, 20 years for Foremen and 11 years for Skilled Labor. We also employ Professional Engineers to clarify the intent and design details involved in each project, which results in a more cost effective and efficient construction process. Through our decades of experience, innovation and expert workmanship, we seek to provide our clients the most cost effective and professional project construction in the industry.
